1. COMPANY INTRODUCTION

Soft Edge is a Qatar-based specialist in Acoustic Engineering and Sound Management Solutions., dedicated to creating comfortable, functional, and aesthetically refined environments through innovative sound management systems. With a commitment to quality, performance, and design excellence, Soft Edge provides customized acoustic solutions for commercial, hospitality, residential, educational, healthcare, and corporate projects across Qatar.

Our expertise encompasses the supply and installation of acoustic wall panels, ceiling systems, fabric-wrapped panels, decorative acoustic elements, and other sound-control products designed to enhance speech clarity, reduce noise levels, and improve overall interior comfort. We work closely with architects, designers, consultants, and contractors to deliver solutions that seamlessly integrate acoustic performance with modern architectural requirements.

At Soft Edge, we believe that every space deserves the perfect balance between functionality and visual appeal. By combining premium materials, technical knowledge, and skilled craftsmanship, we ensure that each project meets the highest standards of quality, durability, and client satisfaction.

Our approach is built on understanding the unique needs of every client and delivering tailored solutions that support both the technical and aesthetic goals of a project. From concept development and material selection to installation and project completion, we maintain a strong focus on precision, efficiency, and attention to detail.

Driven by innovation and a customer-focused approach, Soft Edge strives to be a trusted partner in the field of acoustic solutions in Qatar. Our dedication to excellence, reliability, and timely execution has enabled us to build lasting relationships with our clients while contributing to the creation of quieter, more productive, and more inspiring spaces.

As we continue to grow, Soft Edge remains committed to adopting advanced technologies, sustainable practices, and industry best standards to deliver exceptional value and long-term performance. Our vision is to become one of Qatar's leading names in acoustic solutions by consistently exceeding expectations and setting new benchmarks for quality and service.

2. MISSION, VISION & CORE VALUES

Mission

At Soft Edge, our mission is to provide high-quality acoustic solutions that improve comfort, functionality, and aesthetics across diverse environments. We are committed to delivering customized products and services through technical expertise, superior craftsmanship, and a customer-focused approach. By working closely with clients, consultants, architects, and contractors, we strive to exceed expectations, ensure timely project delivery, and contribute to the development of sustainable and inspiring spaces throughout Qatar.

Vision

To be a leading provider of innovative acoustic solutions in Qatar, recognized for delivering exceptional quality, enhancing interior environments, and creating spaces that combine acoustic performance with modern design excellence.

Core Values

CLIENT FOCUS

We listen, understand, and deliver what matters most.

TEAMWORK

We collaborate and work together to achieve shared success.

QUALITY

We use premium materials and follow the highest standards.

INNOVATION

We embrace new technologies and creative solutions.

RELIABILITY

We are committed to safety, timeliness, and lasting relationships.

SUSTAINABILITY

We care for the environment and create healthier spaces.

3. COMPANY PROFILE

Soft Edge provides comprehensive acoustic solutions tailored to the requirements of commercial, hospitality, educational, healthcare, and residential projects. Our services include the supply and installation of acoustic wall panels, ceiling systems, fabric-wrapped panels, wooden slatted panels, ceiling baffles, and decorative sound-control solutions.

Working closely with architects, consultants, interior designers, and contractors, we ensure that every solution meets both functional and aesthetic requirements. From product selection and technical support to installation and project execution, Soft Edge is committed to delivering reliable solutions with exceptional attention to detail.

By combining premium materials, skilled workmanship, and industry best practices, we help create quieter, more comfortable, and visually appealing spaces. Our focus on quality, timely delivery, and customer satisfaction enables us to build long-term partnerships and contribute to successful project outcomes across Qatar.

5. ORGANIZATION STRUCTURE

6. MANAGEMENT TEAM & KEY PERSONNEL

Soft Edge is supported by an experienced management and operational team dedicated to delivering high-quality acoustic solutions across diverse sectors. Through effective leadership, technical expertise, and strong coordination, our team ensures the successful execution of projects while maintaining the highest standards of quality, safety, and customer satisfaction.

The organization is led by the Managing Director and General Manager, supported by specialized departments including Sales & Marketing, Projects, HR & Administration, Accounts, Procurement, Production, Design, and Site Operations. Working collaboratively, these teams ensure seamless project delivery from planning and material procurement through installation and final handover.

Our commitment to professionalism, efficiency, and continuous improvement enables Soft Edge to provide reliable solutions and build long-term relationships with clients across Qatar.

TECHNICAL EXPERTISE

Skilled professionals delivering innovative acoustic designs and effective sound management solutions.

PROJECT MANAGEMENT

Strong planning, coordination, and communication to ensure smooth execution and timely project delivery.

INSTALLATION EXPERTISE

Experienced installation team ensuring precise workmanship and compliance with project requirements.

QUALITY ASSURANCE

Committed to quality at every stage through strict QA/QC processes and attention to detail.

SAFETY & COMPLIANCE

We prioritize safety, adhere to industry standards, and maintain full compliance on all projects.

Our strength lies in our people, our processes, and our commitment to delivering exceptional acoustic solutions with integrity and excellence.

7. SCOPE OF SERVICES

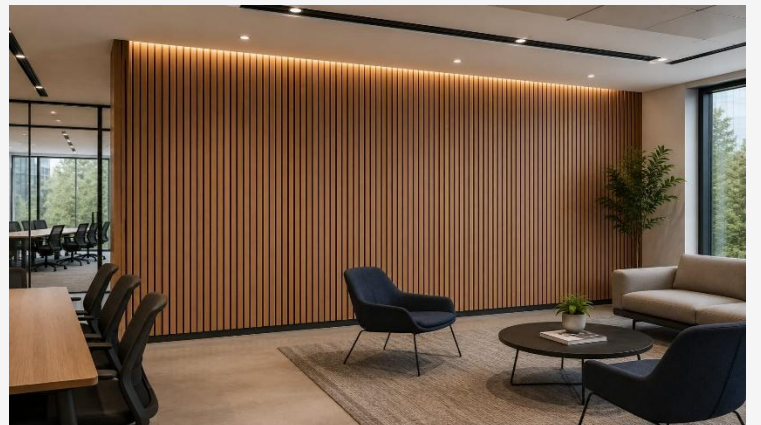

- **Acoustic Wall Panels**

Supply and installation of high-performance wall panels for sound absorption and improved acoustic comfort.

- **Wooden Slatted Acoustic Panels**

Decorative acoustic solutions combining modern design with effective noise control.

- **Ceiling Baffles & Suspended Systems**

Acoustic ceiling treatments designed to reduce reverberation and improve sound quality.

- **Acoustic Ceiling Panels**

High-performance ceiling systems suitable for offices, commercial spaces, and public facilities.

- **Fabric-Wrapped Acoustic Panels**

Custom fabric-finished panels designed to enhance both acoustic performance and interior aesthetics.

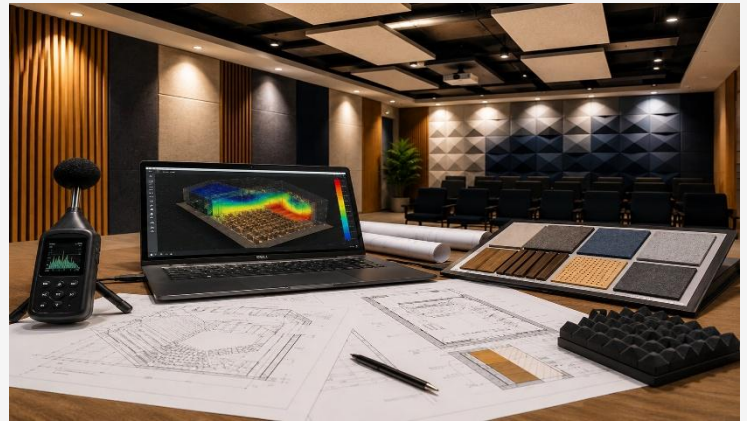

- **Customized Acoustic Solutions**

Tailor-made acoustic treatments developed according to project requirements and architectural design.

- **Acoustic Engineering**

Providing technical expertise, acoustic design support, and customized solutions to achieve optimal sound performance for various environments.

- **Sound Absorption Treatments**

Supply and installation of acoustic treatments designed to reduce echo, control reverberation, and enhance speech clarity and acoustic comfort.

- **Auditorium & Theatre Acoustic Solutions**

Specialized acoustic solutions for auditoriums, theatres, and performance spaces to improve sound quality, speech intelligibility, and audience experience.

8. ACOUSTIC PRODUCTS & SOLUTIONS

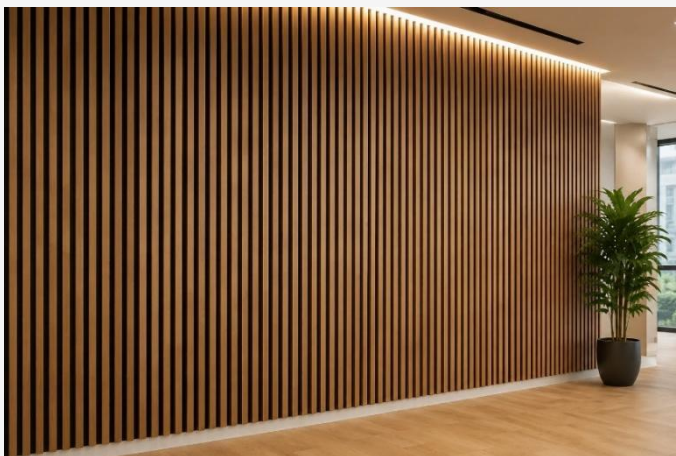

1. Acoustic Wall Panels

High-performance wall panels designed to absorb sound, minimize reverberation, and create more comfortable environments. Available in various finishes, colors, and configurations to suit different interior designs.

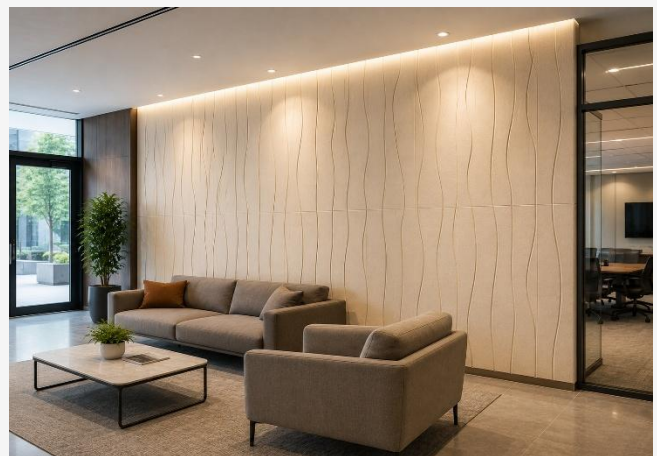

2. Fabric-Wrapped Acoustic Panels

Decorative sound-absorbing panels that combine functionality with aesthetics. These panels improve speech clarity while adding a refined appearance to interior spaces.

3. Wooden Slatted Acoustic Panels

Modern architectural panels that provide excellent acoustic performance while enhancing the visual appeal of walls and ceilings. Suitable for offices, hospitality spaces, and premium interiors.

4. PET Acoustic Panels

High-performance acoustic panels manufactured from recycled polyester (PET) fibers, designed to absorb sound, reduce reverberation, and improve speech clarity. Available in various patterns, colors, and custom-cut designs to suit modern commercial interiors.

11. QUALITY ASSURANCE AND QUALITY CONTROL (QA/QC)

OVERVIEW:

QA/QC processes are inseparable parts of the overall Quality Management System (QMS), and they are often used interchangeably. However, while these processes feature some overlap, it's essential to note that they are two separate entities and take place at different times. Elements of the QMS may not be specifically composed of QA or QC activities and responsibilities, but instead involve a combination of the two.

Understanding the roles of QA and QC help organization to improve each process and deliver the best possible quality product and in term of material submittal and procurement process to production, delivery and installation. To effectively manage your quality processes including Quality Assurance and Quality Control activities.

Quality Assurance consists of a series of activities carried out by the organization's QMS in order to confirm the product meets quality standards. In short, QA is a pre-planned process that defines the product in its development stage and determines whether it meets the necessary requirements.

The quality assurance process is part of the organization's overall quality management. In the QA stage, all activities involved in quality management plan should verify that product is ready to be approved and get through the right process.

Assurance has two purposes: internal and external. The internal role of QA involves management, while QA's external role pertains to the customer, government, agencies, regulators, notified bodies, and third parties.

The Quality Control process features a series of operational techniques and activities needed to meet the parameters of a product's quality and verify that the product is safe and effective after production. In simple terms, the QC process is the inspection stage of the QA process.

Typically, the QC process is designed to help teams identify deficiencies in the product and eliminate them in an effort to comply with the organization's quality standards.

QUALITY POLICY AND AUTHORITY :

Soft Edge Trading & Services LLC is committed to providing high-quality and cost-effective services that meet client requirements and project specifications. The company strictly follows its Quality Control Program to ensure consistent quality on every project.

Authority for implementing and administering the QA/QC system is assigned to the Quality Control Manager (QCM), who is responsible for identifying quality issues, recommending corrective actions, and ensuring their resolution.

Project and Operations Managers are responsible for QA/QC activities on their assigned projects and for ensuring compliance with established quality standards and client requirements. The quality performance of subcontractors and vendors is jointly monitored by the project team and the QCM.

All projects are executed with emphasis on safety, quality, schedule, and cost effectiveness. Management ensures that the quality policy is communicated, implemented, and maintained throughout the organization, while all employees are responsible for adhering to established QA/QC procedures

12. HEALTH, SAFETY & ENVIRONMENT (HSE)

POLICY

Overview

Soft Edge Trading & Services LLC is committed to maintaining a safe and healthy working environment for employees, clients, subcontractors, and visitors while minimizing the environmental impact of its operations. Safety is considered an integral part of every activity, and all work is carried out in accordance with applicable regulations, project requirements, and industry best practices.

Our HSE management approach focuses on preventing accidents, protecting people and property, and promoting environmental responsibility throughout all stages of project execution.

HSE Objectives

- Promote a strong culture of health and safety across all operations.
- Prevent incidents, injuries, and occupational hazards.
- Ensure compliance with applicable laws, regulations, and client requirements.
- Provide employees with appropriate training and awareness programs.
- Encourage the use of proper Personal Protective Equipment (PPE).
- Maintain clean, safe, and organized work environments.
- Minimize environmental impacts through responsible resource management and waste reduction.
- Continuously improve HSE performance through monitoring and review.
-

Key HSE Practices

- Risk Assessment and Hazard Identification.
- Toolbox Talks and Safety Awareness Programs.
- Mandatory Use of PPE.
- Safe Material Handling and Storage.
- Emergency Preparedness and Response Procedures.
- Housekeeping and Waste Management.
- Continuous Monitoring and Corrective Actions.

Commitment

Soft Edge Trading & Services LLC is dedicated to achieving the highest standards of health, safety, and environmental performance. Management and employees share the responsibility of ensuring that all activities are conducted safely, efficiently, and with respect for the environment, thereby contributing to successful project delivery and long-term sustainability.

14. MAJOR CLIENTS

Soft Edge is proud to have established strong relationships with a growing portfolio of clients across various sectors in Qatar. Through our commitment to quality, reliability, and customer satisfaction, we have successfully delivered acoustic solutions tailored to the unique requirements of each project.

Our focus on professionalism, timely execution, and attention to detail has enabled us to earn the trust of our valued clients and build long-term partnerships.

قطر تستحق الأفضل
Qatar Deserves The Best

شركة الخليج للمقاولات
GULF
CONTRACTING

Soft Edge values every client relationship and remains committed to delivering innovative acoustic solutions that exceed expectations.

15. WHY CHOOSE SOFT EDGE?

Soft Edge is committed to delivering innovative acoustic solutions that combine performance, aesthetics, and reliability. Our client-focused approach, technical expertise, and dedication to quality enable us to provide tailored solutions that meet the unique requirements of every project.

Key Advantages

✓ Specialized Acoustic Expertise

Comprehensive solutions for sound control and interior acoustic performance.

✓ Customized Solutions

Tailor-made systems designed to suit project requirements and architectural intent.

✓ Quality Materials

Use of premium materials and products from reputable manufacturers.

✓ Professional Installation

Experienced teams ensuring efficient and high-quality execution.

✓ Technical Support & Coordination

Close collaboration with consultants, architects, and contractors.

✓ Commitment to Quality & Safety

Strict adherence to QA/QC procedures and HSE standards.

✓ Timely Project Delivery

Efficient planning and execution to meet project schedules.

✓ Customer-Focused Approach

Building long-term relationships through reliability and exceptional service.

16. PROJECT EXPERIENCE / REFERENCE PROJECTS

Soft Edge has successfully delivered high-quality acoustic solutions across a variety of sectors in Qatar. Our experience includes commercial, hospitality, corporate, and residential projects, where we consistently provide innovative solutions that combine acoustic performance with aesthetic excellence.
